# 119<sup>th</sup> Congress Leadership

- Senate

- Majority Leader - John Thune (R-SD)
- Majority Whip - John Barrasso (R-WY)
- Minority Leader – Chuck Schumer (D-NY)
- Minority Whip – Dick Durban (D-IL)

- House

- Speaker – Mike Johnson (R-LA)
- Majority Leader – Steve Scalise (R-LA)
- Majority Whip – Tom Emmer (R-MN)
- Minority Leader – Hakeem Jeffries (D-NY)
- Minority Whip – Katherine Clark (D-MA)

# Energy Committee Leadership

Sen. Mike Lee (R-UT)  
Incoming Energy & Natural  
Resources Chair

Emphasizes the development of domestic energy sources, including oil, natural gas, and coal, to reduce reliance on foreign energy imports

Sen. Shelley Moore Capito (R-WV)  
Incoming Environment & Public  
Works Chair

Advocates for the coal industry, supports carbon capture technologies, backs PFAS regulations

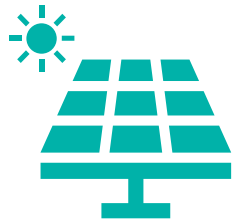

Rep. Brett Guthrie (R-KY)  
Incoming Energy & Commerce Chair

Embraces “all-of-the-above” energy approach, including minerals processing

Rep. Bruce Westerman (R-AR)  
Incumbent Natural Resources Chair

Supports regulatory cutbacks and lowering costs

# Federal Agency Leadership

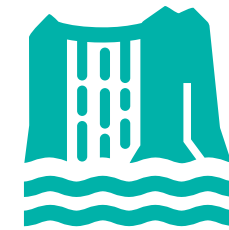

**Chris Wright**  
**Department of Energy**

CEO of Liberty Energy

**Doug Burgum**  
**Department of the Interior**

Former CEO, current North Dakota Governor

**Lee Zeldin**  
**Environmental Protection Agency**

Former New York 1st District Representative

# Day 1 Priorities for the Incoming Administration

---

Increased Domestic Fossil Fuel Production

---

Lifting the Pause on LNG Export Permits

---

Targeting the EPA Methane and Power Plant Rules

---

Wind Projects – Onshore and Offshore

---

“EV Mandates”

---

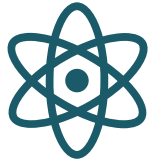

## Less Certain Trump Administration Objectives

DOE Budget Cuts (EERE & LPO)

IRA Recissions

Tariffs - Impact on Energy and Supply Chains

# Areas of Bipartisan Support

Advanced and Small-  
Modular Nuclear Reactor  
Deployment (ADVANCE  
Act)

Geothermal and Hydro  
Power Energy:  
Accelerating Planning &  
Permitting

Critical Minerals  
Permitting and Secure  
National Supply

Carbon Border Tariffs

---

The Return of All-of-the-Above

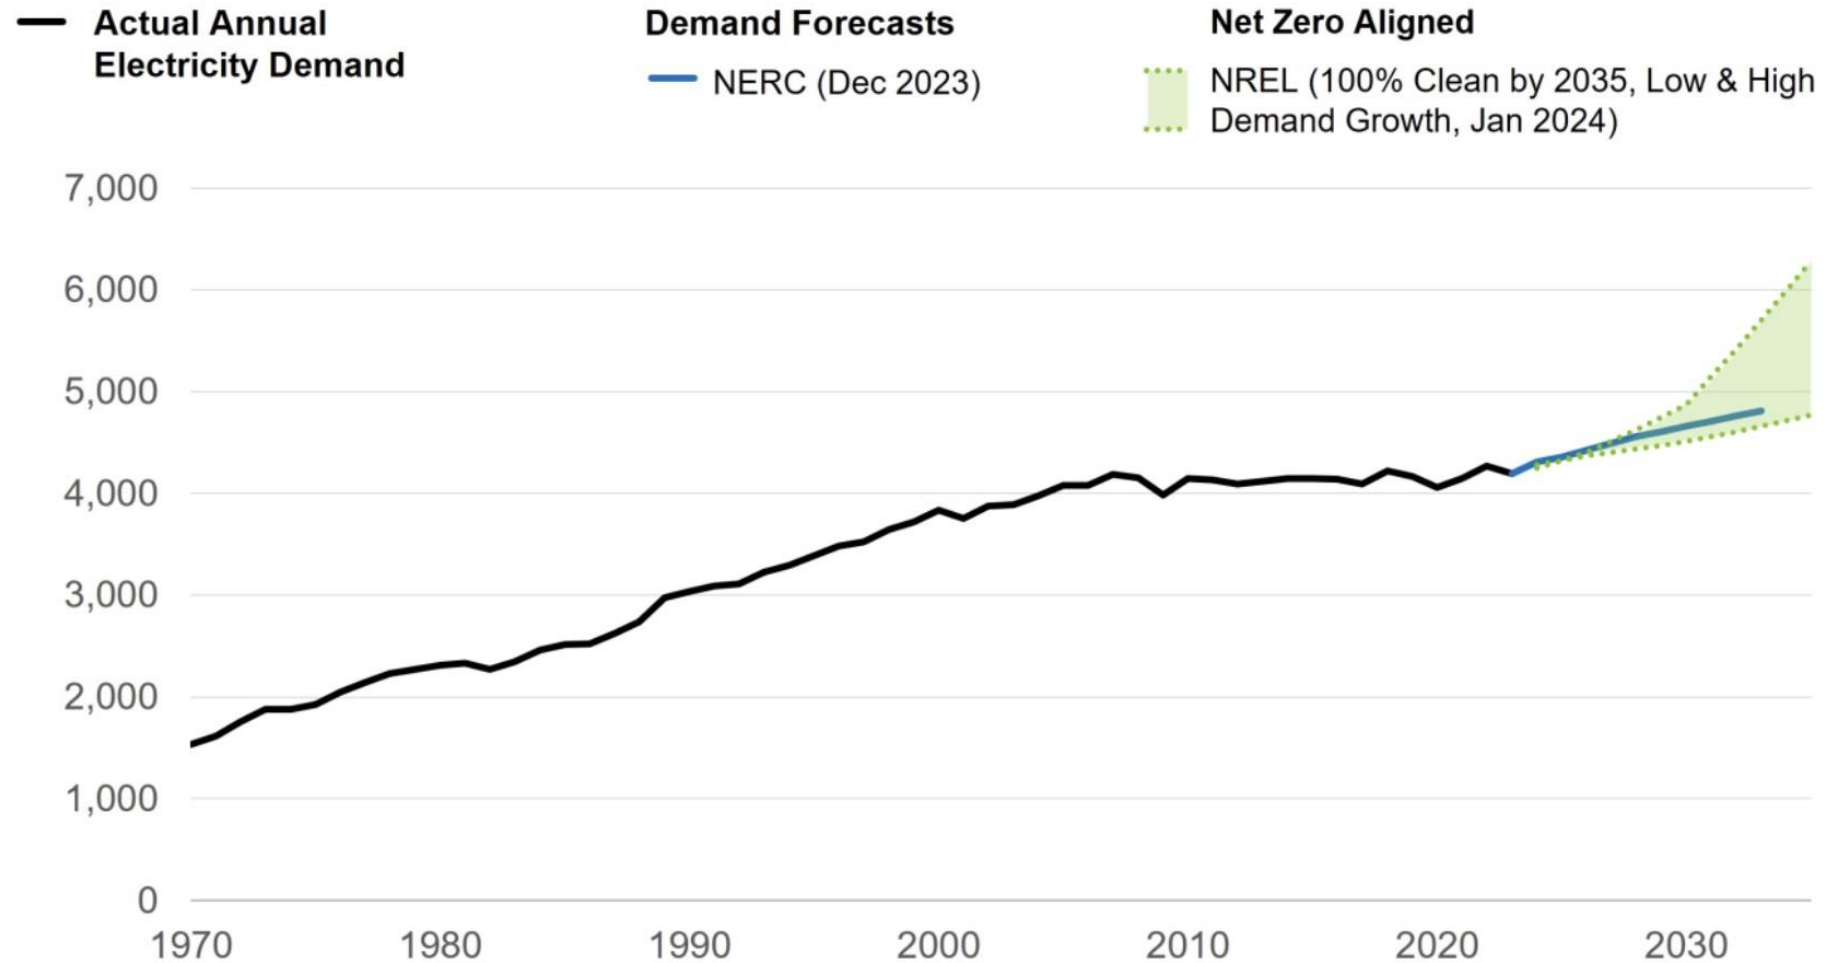

# Federal Energy Regulatory Commission

- Chairmanship/FERC Composition
- Energy Security and Reliability
- Transmission, Interconnection and Market Reforms
- Load Co-Locating With Generation

Figure 1: U.S. Electricity Demand (1970-2035)

## Electricity Demand (TWh)
